

Hear Us Call

Dave Hensman & Philip Janz

**Standing here, waiting
Father make us one
We wait for Your outpouring
Lord here, right here**

**We can't go out till You fill us
Empty what can we do
God of heaven we confess our need of You**

*I see the fire falling
I feel in me a start
As we begin to worship
With heavens language in our hearts*

*I hear the strong wind blowing
As You begin to rearrange
Something tells me things are about to
change*

**Holy Spirit hear us call
Come on one, come on us all
Fill us now Fill us now**
